WOMAN HURT IN CAR CRASH

Marion Man Arrested After Rear End Collision With Upper Sanduskians.

INTOXICATION CHARGED

Extent of Victim's Injuries Can Not Be Determined at Present.

Lives of three Upper Sandusky women and three children were endangered yesterday afternoon when their automobile was struck by a car driven by H. B. Doan, M. of 459 Windsor street, on East Center street near High street.

Doan was arrested by Louis Kirts, night patrolman who witnessed the accident, and this morning was charged with driving while intoxicated. He was released last night on bond of \$106.20 and is to appear in court Wednesday.

Woman Injured Mrs. Adam Paul of Upper Sandusky, who was sitting in the rear seat of the auto struck by Doan's car, suffered neck injuries when her head was thrown against the rear window. The window was broken by the impact. She was treated by a local physician but the extent of her injuries will not be known for several days, he said.

Other occupants of the car were Mrs. Roy Sampley, the driver, Mrs. Grover Pierson, a small daughter of Mrs. Sampley's and two of Mrs. Pierson's children, all of Upper Sandusky. They suffered only minor injuries, it was reported. They had driven here to shop, Mrs. Sampley said.

Backing from curb As Mrs. Sampley backed from a parking space on East Center street, she brought her car to a stop to let other cars pass. Doan's car, the last of several cars for which Mrs. Sampley had stopped, struck the Sampley auto from behind and shoved it ahead into Patrolman Kirts' car, which was parked just ahead, Mrs. Sampley said.

The Sampley and Doan cars were considerably damaged.

DESPERADO IN KIDNAP CASE IS CAPTURED

"Machine Gun" Kelly Arrested by Federal Officers in Memphis, Tenn.

IS ROUTED FROM BED

Will Be Returned To Oklahoma To Face Trial in Urschel Case.

By The Associated Press MEMPHIS, Tenn., Sept. 25.—George E. "Machine Gun" Kelly, desperado of the southwest, sought in connection with the kidnaping of Charles Urschel, Oklahoma City oil man and on robbery charges, surrendered peacefully to officers who surrounded his hideout in a rooming house here early today.

After talking with W. A. Roper, a department of justice operative, Police Chief Will D. Lee announced there was no question about the identity of the prisoner as Kelly.

Arrested with the outlaw was a woman, Lee said, was his wife, Kathryn Kelly, 29, and two men described as J. R. Tichnor, 30, and S. E. Travis, 25.

Kelly's capture was effected by a group of officers who surrounded the house in which he and the others were sleeping.

Detective Sergeant W. J. Raney said Kelly appeared at the door of the home with a pistol.

Kelly surrenders "Drop that gun, Kelly," Raney said he told him.

Kelly peacefully put up the gun and surrendered.

"I have been waiting for you (I'll) night," Raney quoted him as saying.

"Well, we are here," was Raney's answer.

At the police station, Police Chief Lee said Kelly admitted his identity but refused to talk.

Chief Lee was quoted as saying, "I'm not talking about anything."

SAFETY FIRST Called Best Insurance

State Industrial Commission Member Is Speaker.

Safety measures as economical and social advantages were advocated last night by Thomas M. Gregory, chairman of the state industrial commission in an address before a dinner meeting of 125 club and civic group members and manufacturers, in Hotel Harding last night.

The opening guns in Marion county's first safety drive, sponsored by the Y's Men's Service club and the division of safety and hygiene of the state industrial commission, Thomas P. Kearns, superintendent of the division of safety and hygiene, also spoke.

Both speakers appealed to employers to cooperate in safety work as a preventive to injuries and the resultant compensation requirements. If employers don't cooperate, they will have to pay the bill, the speakers asserted, making it an economical asset to emphasize safety training in their plants and places of business.

This work should be followed up, the speakers urged, by watching injury cases after accidents and keeping check on them.

Mr. Gregory cited figures showing the industrial commission pays out about \$1,500,000 every month for compensation, hospitalization and medical care, which is paid for by the business and industrial heads in the state who are contributors to the state industrial insurance fund.

Mr. Kearns pointed to the death rate by accidents in the country, which he said is 90,000 persons annually, as an example where safety work could make great progress.

Fully 90 per cent of these accidents, he said, could be prevented. "There is a cause for every accident," he said, "and our work is to find and eliminate those causes."

Cites Local Record In Marion county, he said, there were 632 industrial accidents in 1932, including two deaths, while in the first eight months of 1933, 382 industrial accidents have been reported, also including two fatalities.

The public and industry are just coming to the realization that accidents are preventable.

OHIO KNIGHTS OF PYTHIAS Pay Tribute To Harding

Lodge Holds Ceremony at Memorial; Degree Is Conferred at Tomb.

Homage to President Warren G. Harding, who was a member of the lodge, was paid this afternoon by nearly 400 delegates to the state convention of the Knights of Pythias in a ceremony at the Harding memorial.

Following a business session in the Star auditorium, which adjourned at noon, the delegates lunched and then proceeded to the memorial where the page rank was conferred on a class of 25 candidates.

The feature of the memorial program was the public recognition of the "Lesson of Friendship."

Mr. Harp of Frederick, Md., supreme vice-chancellor, was scheduled to take part in this morning's session but was in an automobile accident in Washington, D. C., and was prevented from attending. He was not believed to have been seriously injured.

Mr. Harp's place on the program was taken by William F. "Bully" Bruce of Mt. Glend, for nearly 15 years a member of the grand lodge, who addressed the convention.

Field Deputy Proposed Only matters of routine business were taken up this morning, Mr. Sparks said. Wednesday, the convention will be asked to consider a proposal for establishing a field deputy to visit other lodges and increase membership.

Proponents of the measure contend the deputy's work would increase revenue for support of the two Pythian homes. Its opponents, however, assert the results would not warrant the expense necessary to maintain the field deputy.

Tonight's program consisted of a drill contest by the Pythian Sisters in the Star auditorium, starting at 8:30 p. m., followed by a dance.

Twenty-five Ohio attorneys, in Marion attending the Knights' convention, were guests at a luncheon today in Hotel Harding. About 25 members of the association met with the out-of-town attorneys.

Danforth in Charge Arrangements for the luncheon were made by Alfred Danforth, president of the association, and a committee consisting of Ralph Carhart and Howard Gathery. Informal talks were given after introduction of the guests.

Last night, Pythians and the auxiliary members joined in a reception in the Star auditorium for grand lodge officers, grand temple officers and subordinate members. A grand hall closed the day's events.

A class of 58 candidates received the grand lodge degree in an opening ceremony this morning.

DEATH STILLS LARDNER'S PEN

Humorist, Ranking Figure of American Literature, Dies in New York.

Brought "You Know Me, Al" and "Gullible's Travels" To Readers.

By The Associated Press NEW YORK, Sept. 26.—Ring Lardner, who once noted that there wasn't much difference between Niles, Mich., and New York, because both begin with an "N," has lost his long fight against tuberculosis.

The lean, six-foot humorist who made "You Know Me, Al" and "Gullible's Travels" famous in American literature, died suddenly at his home in East Hampton, Long Island, home, last night.

For 10 years Ringgold Wilmer Lardner had fought the disease. During those years, with the specter drawing steadily closer, his humor flowed on, bringing laughs to the faces of those who saw on the Ring Lardner stage "Elmer the Great" and then "Gullible's Travels" and other tales of thousands who read his "Story of a Wonder Man," "Love Nest" and other stories.

Heart disease, complicated by other ailments, was given by his doctors as the immediate cause of death.

Only in the last few years has the Lardner typewriter gone on short hours. His doctors ordered him to the southwest, and he remained there many months. When he returned to New York several months ago he was reported much better.

Born in Niles His days of quantity production, however, were over. The sweep of the humor that filled "You Know Me, Al" and "Gullible's Travels," "Owen Young Own Home" and the hilarious "How To Write Short Stories" was gone. Occasionally it flashed on those last published writings, but the spontaneity and wit of "Treat 'Em Rough" and "The Young Immigrants" and "Symptoms of Being 35" were not there.

Lardner was born in Niles, Mich., March 6, 1895. As he put it, he was born during "Haven-Baby" week. In comparing Niles and New York later he said there was little advantage either way, as the New York Central tracks ran through both places.

Throughout many of Lardner's writings the hometown pride is noted. His youth was spent there and his first job on a newspaper.

HEADS LODGE NEGOTIATIONS ARE RESUMED WITH COMPANY

Nature of Probable Reduction Not Revealed by Committee.

MINIMUM CUT UNLIKELY

Chance for Biggest Saving Seen in Lower City Hydrant Rental.

Prospects of a reduction in Marion water rates were favorable today, following announcement by city councilmen last night that they had reopened negotiations with the Marion Water Co. for rate adjustments.

Reopened negotiations came as a surprise to those outside the city hall circle, in view of the fact the council franchise and ordinance committee had indicated a month ago that it had given up all hope of obtaining a water rate cut.

Renewed hope of a rate reduction caused the franchise and ordinance committee to withhold "final report" covering its negotiations with Marion utility companies which it had planned to submit last night.

Councilmen refused to give any indication of how large the reduction might be, but expressed the opinion that an adjustment of some kind in the near future was in sight.

May Cut Hydrant Rate Although no official statement could be obtained regarding negotiations, it was reliably learned that the reduction probably will include a reduction in the monthly rental paid by the city for water hydrants. Records show the city pays \$2,000 a month in hydrant rentals.

It was indicated that the reduction for residential users probably will be small, in view of the fact the Marion Water Co. ordinance will expire in 1938. Councilmen have indicated that they will not "trade" an extension of the term of the rate ordinance in return for a rate reduction, in view of the present movement toward municipal ownership of the water plant. In view of their refusal to consider extending the term of the rate ordinance, councilmen have unofficially expressed little hope for a sizeable reduction.

It was reliably learned that rate adjustments under discussion for the last two weeks did not include any reduction in the minimum of \$18 a year for domestic water users. Those who used more than the minimum, however, are expected to get a saving if the negotiations are successful.

No Estimate Given No figures could be obtained on the proposed reduction of hydrant rental charges. Councilmen in these explanations that a reduction in these charges would mean a savings to every taxpayer in the city.

Council last night adopted a supplemental appropriation on the strength of a certificate from County Auditor Carl E. Thomas that \$20,000 of unappropriated revenue is in sight. Of this amount, approximately \$20,000 is in sight from general taxes and the remainder from unappropriated savings made by the city in reductions in street lights and rent of the city building, W. G. Black, finance committee chairman, explained.

As a result of the additional certification, policemen and firemen probably will not be asked to take all the "payless" vacations at the first of the year, Chairman Black said. Large items in the appropriation are \$4,000 for street lights, \$4,400 for city hospital, \$7,000 for the fire department, \$4,400 for the garbage collection department, \$1,600 for sewers. The appropriations totaled \$28,077.50.

Provides for Payroll Council also transferred \$2,300 from the general to the safety fund to meet payroll of the safety department.

SISTERS HOLD FIRST MEETING

Delegates and Visitors Given Welcome at Session This Morning.

MAYOR PRESENTS KEY

Eighty-Eight Candidates in Class for Degree Work Today.

Following a day of social diversion and entertainment representative to the state convention of Pythian Sisters took up business matters of importance when they convened at 1 o'clock today in the Elks' hall. The session was preceded by an open meeting this morning during which the delegates and visitors were given a civic and fraternal welcome to the city by Mayor W. C. Phillips, W. D. Brown, manager of the chamber of commerce, and Mrs. C. C. Baker, president of the Pythian Sisters.

Miss Carrie Schmidt of Newark, grand chief in charge of the business session, which will include nomination of officers and reports of officers and committees. Officers will be elected at the session Wednesday morning and installation ceremonies will feature the closing session in the afternoon. A memorial service in the Star auditorium, conducted by members of Canby and Marion temples, will be held tonight.

600 Women Registered More than 600 delegates and visitors were registered at noon today, making the convention one of the largest to be held in recent years.

Mrs. Ensl Thompson, district deputy and general convention chairman, presided for the session this morning. A song, "America," was followed by prayer by Rev. James O. Dodd, pastor of Central Christian church.

A golden key to the city was presented by Chief Miss Carrie Schmidt to Mayor Phillips and a brief talk was given by Mr. Brown in which he welcomed the visitors to Marion. The response to Judge Ella La-tall of Toledo gave the Ruth Harrison of Toledo gave the response to the fraternal greeting given by Mrs. Baker.

Entertainment included a group of vocal solos by Karl Harper McLeod of Prospect, accompanied at the piano by Miss Irma Louise Loe-wir, also of Prospect. He sang "The Two Grenadiers" and "The Priar of Orders Gray."

Degree Conferred Work in the grand temple degree was conferred on 88 members from throughout the state at the close of the session. Taking part in the work were Mrs. Grace Downing of Middleport, Mrs. Mary Pichler of Columbus, Mrs. Eva Orchard of Lima and Mrs. Myrtle Best of Marietta.

Among the grand temple officers here are Miss Schmidt, grand chief; Mrs. Mary Shaw of Cleveland Heights, grand sector; Mrs. Beulah McInturf of Johnstown, grand junior; Mrs. Bertha Kliner of Wadsworth, grand mistress; Mrs. Jeanette Bell of Lakewood, grand mistress of Middleport; Mrs. Ruth Hasky of Marietta, grand mistress of Marietta; Mrs. Mary Keller Helms of Marietta.

BENJAMIN HILL, JR., Sept. 20.—This president of Cuba has been in now two weeks. One week ago he was elected by the Cuban constitution for a five-year term.

He hasn't got many votes with him but he has some of the best marksmen in Cuba. We have masses around now till we don't know whether to go in or have our folks come out.

Talk of opening seven thousand closed banks. That will put over a half million vice presidents back on the payroll.

This fellow McKee that was mayor of N. Y. and was discharged for efficiency. I see they are going to give him another chance. Maybe he will know enough to be a N. Y. mayor the next time.

boy, not more than three years old, on the sidewalk playing with a ball. It slipped out of his hand, rolled across the sidewalk, across the curb, the little chap after it. At the curb he stopped, looked and listened.

Learns Self Control

"I said to myself, 'Laddie, you belong to the twentieth century. There is the safety movement in its educational significance. It is rather a hard thing for a youngster of three years to have to learn to control impulse, that he must not get his ball when he wants it. We must realize that repeated violations of common-sense practice eventually and invariably lead to injury. We must restrain the impulse to take a chance. Those in the habit of betting on horse races are confident that an occasional lucky event certainly will come to pass eventually, while in the accident field where the mathematical principles involved are similar, men seem to feel an equal degree of confidence that an occasional unlikely event never will come to pass."

"Just remember that last year, motor vehicles took 29,900 lives; home accidents, 28,000 lives; public places, 18,000; industrial accidents, 15,000."

FLASHES OF LIFE
By The Associated Press

MINNEAPOLIS — Patrolman Maurice J. Kohler was proud when he brought in two suspects and an assortment of chisels, drills and sledge hammers.

"And look at all this moonshine they were probably going to drink," he added, sliding two jars across the desk to the sergeant. The sergeant sniffed. "Moon, nothing," he exclaimed. "This is nitro-glycerine, enough to blow up the city hall."

It was carefully placed under lock and key and the suspects jailed.

CHICAGO—There are other uses for a mop besides cleaning up floors. Seizing a wooden mop handle, which is a non-conductor of electricity, Earl Mason pried Mary Dunk, 3, from an electrified third rail, thereby saving her from death.

AMBRIDGE, Pa. — No matter which end of a gun John Petronchak gets on, it's bad luck for him. On two occasions he was wounded by gunmen, he told police, so he bought a pistol. Yesterday he was sent to jail for 90 days for carrying firearms.

TOWSON, Md. — A grand jury says the county almshouse should have more and better rocking chairs.

"One old lady," its report declared, "said she sat in the same rocking chair for 12 years without the comfort of cushions."

OKLAHOMA CITY—The wheel of chance won't spin at the Oklahoma state fair. Serving notice he would personally order arrests, if need be, Gov. "Alfalfa" Bill Murray decreed there must be no gambling. From such amusement, the governor said, a boy might well learn "his first lesson in a career of crime."

PICTURE VERSION OF STAGE SUCCESS ON SCREEN AT PALACE

Another Broadway stage success, "Three Cornered Moon," has been filmed, and the finished product will be shown Wednesday and Thursday on the Palace screen.

Mary Boland who scored with Charlie Ruggles in "Mamma Loves Papa," plays the role of the head of the delightfully irresponsible Rimpiegar family. Her children are Claudette Ford, William Bakewell, Wallace Colbert and Tom Brown. Other well-knowns in the cast are Richard Arlen, Lyda Roberti, Hardie Albright, Joan Marsh and Sam Hardy.

The play was written by Gertrude Tonkonow and played last spring on Broadway.

CHIC SALE IN MARION PICTURE

Chic Sale appears for the first time undisguised in "Lucky Dog," which opened a two-day stay at the Marion today. Featured are Tom O'Brien, Harry Holman and Hector Sarno. This is the first feature picture in which "Buster," the Wonder Dog of the "Barkies" series several years ago, has played. Sale claims to have originated the word "wisecrack" when he wrote it into the musical comedy, "Monte Cristo Jr., in which he played in 1918.

TWO PICTURES ON STATE BILL

Irene Dunne and Charles Bickford share honors in "No Other Woman," the picture which opened today at the State. This picture and Lupe Velez's vehicle, "Hell Harbor," will show through Wednesday. Gwili Andre, Eric Linden and young Buster Miles have important roles in the Dunne-Bickford story of modern marriage and morals.

STATISTICS LISTED BY STATE AUDITOR

Reports 400,000 Licensed Dogs in Ohio.

By International News Service COLUMBUS, O., Sept. 20.—Ohio's newest book of valuable information—the state auditor's annual report—shows among other interesting things that the state has approximately 400,000 licensed dogs.

State Auditor Joseph T. Tracy, the "author" of this work, reports that the license fees paid on this number of dogs was \$563,402.20.

The outlaws do those that have murdered innocents, killed or injured 32,656 sheep or other domestic animals during 1932, Tracy's report shows.

Leading items in the "pertinent paragraph" section of the report also include the following bits:

1. It costs over a dollar a vote in Ohio to hold elections.

2. Autoists paid an average of \$22 per car for gasoline used in 1932.

3. Clerk hire in county offices in 1932 amounted to \$5,290,337.

4. Pawnbrokers in Ohio may charge five cents per month on loans on personal property.

5. Ohio is the only state in the union which has ministerial lands.

6. Depository interest for the state amounted to \$399,250 in 1932.

TRAFFIC ACCIDENTS AGAIN INCREASING

By International News Service COLUMBUS, O., Sept. 20.—Although highway accidents in 1932 were lower than in 1931, the toll this year is again on the upgrade. Highway Director O. W. Marrell declared in urging statewide adherence to safety measures on the part of motorists.

DEFIANCE TO TAKE POWER PLANT VOTE

By International News Service

DEFIANCE, N. Y., Sept. 20.—The voters will have a municipal bond referendum on Monday.

This was revealed with the filing of a declaration of intention to circulate referendum petitions by Manager S. S. Evans Defiance division of the Toledo Edison company which now serves Defiance.

Evans employees immediately began circulating the petitions seeking the signatures required to bring about the election. It has not yet been announced if the referendum will be held in conjunction with the regular Nov. 7 municipal election.

men or at a special election.

The county legislature approves issuance of \$100,000 mortgage bonds to finance the plant. The bonds would be secured only against the plant and its revenues.

SEARCH FOR GIRL

DEFIANCE, Sept. 20.—County of Defiance is looking for a girl named Mary Evans, who was last seen in Defiance, Ohio, on Sept. 17.

She is a young girl, about 17 years old, with dark hair, blue eyes, and is wearing a dress which was made all of her clothing. She was described as having red hair, being feckled, and having a weight of 100 pounds.

She was last seen in Defiance, Ohio, on Sept. 17, and is believed to have been taken to a place in the vicinity of Defiance, Ohio, where she is now being held.

Harding Area Officials
Report Scouting Progress

Progress in all lines of scouting
was reported by the various committee
chairmen of the Harding area Boy
Scout council at an executive board
meeting last night in scout head-
quarters, Wilbur H. Symes, area
president, was in charge.

H. Alfred Donahue, chairman of
the court of honor, reported that
more advancements in scout rank
had been made this year than last.
One more court of honor will be
held, scheduled in November. Dr.
Frank R. Mann, chairman of the
camping committee, reported that
enrollment at Camp John A. Owens
this summer was double that of
last year with 244 Scouts and
leaders in summer camp and 444
scouts using the camp for per-
manent quarters throughout the year.

Need of additional buildings and
equipment to accommodate the in-
creasing use of the camp was cited
by Dr. Mann. Injuries at the camp
were at a low level. C. F. Bron-
son, chairman of the health and
safety committee, reported. He
thanked the local physicians who
made physical examinations of
scouts before they entered camp-
ing in the camping period. Bronson
reported seven life saving badges
were awarded, two senior Red

Cross life saving awards and 12
junior Red Cross awards.
E. L. Hill, chairman of the sea
scout committee, reported rapidly
growing interest in this branch,
with several troops planning to
adopt it this fall. A training course
in sea scouting for troop leaders
will be started next month. Mem-
bers of the sea scout committee
are A. W. Long, Clifford Chapman,
Harry L. Dowler and Frank R.
Graham.

Arthur S. Brooks, area executive,
reported on the national Boy Scout
program as it relates to the Hard-
ing area.

The objectives of one of every
four new male citizens to be a four-
leaf scout-trained man would
mean the area should produce 28
four-year scouts by 1941. Each
year in the area 1,500 boys become
12 years of age and eligible for
scouting, last year 9 percent of
these boys were enrolled. Brooks
reported. A definite increase in
the per cent of enrollment is sched-
uled for this year in order to reach
500 new scouts in 1935.

Plans were made to send a dele-
gation to the annual regional meet-
ing in Cleveland on Oct. 6 and 7.
Following this meeting a five-day
executive conference will be held,
which Mr. Brooks will attend.

**J. W. WORTMAN, 78,

**CROP AGREEMENT
PERIOD EXTENDED**

Last night's deadline for signing
agreements in the government's
campaign for reducing wheat acre-
age has been extended indefinitely.
The agricultural adjustment ad-
ministration in Washington, D. C.,
told The Associated Press.

The campaign has been extend-
ed because the work of signing
farmers in many counties has not
been completed.

PUBLIC WORKS BOND ISSUES ARE URGED

Popular Support Seen as Need Before Getting U. S. Aid.

By The Associated Press
COLUMBUS, O., Sept. 26.—Popular support for public works projects in Ohio had an indirect bid today from the federal emergency administration of public works.

"Keep away from general funds to finance the projects and vote special levies in November," was in substance the suggestion of W. A. Stinchcomb, chairman of the state board, in an open letter.

Pointing to the grants of 30 per cent of the total costs of labor and materials from the public works administration, Stinchcomb said it was desirable that bond issues be submitted to the electorate for the amortization of the 70 per cent to be financed locally.

"Resolutions to submit such bonds to a vote must be adopted before Oct. 8," it will be necessary to include specific reference to the Annet act," he wrote. (The Annet act allows placing bond issues on the November ballot not later than 30 days before the election.)

Stinchcomb and two other members who signed the letter did not say so outright, but intimated projects not financed through special levies outside the 15 mill limitation may not be approved.

REDUCE

"My doctor prescribed Kruschen Salts for me," said the man, "and I lost 17 lbs. in 6 weeks—they've been worth their weight in gold to me." Mrs. Robert Hickey, Roseville, Calif.

To win a slender, youthful figure take a half teaspoon of Kruschen Salts in a glass of hot or cold water first thing every morning. While fat is leaving you gain in health, health and physical charm—look younger. Many physicians prescribe it and thousands of fat folks all over the world have achieved slenderness. A jar lasts 4 weeks and costs but a trifle at Hickey & Cooper's or any drug store. But protect your health—make sure you get Kruschen—it's the SAFE way to reduce and money back if not joyfully satisfied—Adv.

planned to fly to Tampico to direct relief work, said the number of dead "can not be stated exactly" but the military chief of the district reported three-fourths of Tampico was destroyed with many victims.

Unofficial reports set the death toll at from 200 to 5,000. Dispatches by roundabout means said the wind, of 125-mile-an-hour velocity, leveled the civil hospital, railroad station, and customs house and that nearly every structure was destroyed or unroofed.

It was feared hundreds had been buried alive in the ruins. Flood waters of the Panuco and Tancitar rivers added their terrors to the hurricane.

Tampico was placed under martial law. Its harbor was closed to shipping. It was believed that might elapse before relief could reach the city.

In the entire Tampico district as far west as 175 miles, the storm spread death and destruction. The city of Cardenas, in San Luis Potosi, reported that at least 200 were drowned as the result of the collapse of a railroad dam.

It was feared many more had been trapped by a sea of water and mud which swept the city, destroying many houses.

Two trains were reported to have been completely covered by water between Tampico and Cardenas. The National railways officials estimated that damage to their flooded or destroyed property would amount to \$1,000,000 or more.

sented by a farm group headed by Edward A. O'Neil, president of the Farm Bureau federation.

Already the President has initiated numerous federal moves aimed at higher farm prices and the new steps of recent weeks.

A program for surplus farm and staple products for distribution to the needy.

Expansion Drive Opens

A concerted effort to expand credit, joined under the federal reserve board, the Construction corporation, the farm credit administration, the Home Owners' Loan corporation and the public works administration. The drive included offers to advance millions to banks for industrial loans, and to relieve banks of slow farm and city mortgages.

Today's schedule called for safety talks in a number of the following centers: Hornell City & Cold Spring, N. Y., 10 a. m.; Marion Cigar Co., 11 a. m.; Anthony Laundry, 11:15 a. m.; Moore & Ross Milk Co., 12 m.; Fairfield Engineering Co., 12:15 p. m.; Wilson Bohannon Co., 1:15 p. m.; Isaly Dairy Co., 1 p. m.; Marion Foundry Co., 1 p. m.; Lee & Fuel Co., 3 p. m.; Mont-Blaue Limestone Co., 3 p. m.; Mont-Blaue Limestone Co., 3 p. m.; Mont-Blaue Limestone Co., 3 p. m.

These new stimulants to recovery were not put beyond question, while the President was reported to be considering additional to the farm commodities for relief distribution, the agricultural adjustment administration was studying the relation between farm surpluses and prices, seeking to determine the most effective method of expending RPA money in buying supplies for the destitute.

JAIL TERM STARTED BY GROVER FLEMING

Publisher Loses Fight To Escape Criminal Label Sentence.

By The Associated Press
ST. LOUIS, O., Sept. 26.—Grover Fleming, publisher at various times of the Ohio Examiner and American Examiner, who had been sought by police to serve a sentence for the criminal label, was behind the bars of Shelby county jail today after surrendering to Sheriff C. E. Gearhart.

A bond of \$2,500, posted during his unsuccessful appeal of the case to the state supreme court, would have been forfeited Saturday had he not appeared by that time.

A Shelby county court convicted him of criminal libel in connection with an article in his newspaper, published in 1932, in which he charged that William O'Leary, Sidney chief of police, after Fleming's indictment a year ago. He was sentenced to six months imprisonment and fined \$500.

cost a lot of money, Mr. Gregory said. Workmen's compensation was conceived as a means to relieve society as a whole of the costly burden resulting from injuries in industry by placing the burden, he said.

After citing cases of false claims being pressed by sympathetic persons thereby tending to raise the cost of compensation, Mr. Gregory urged employers to not sign any laws following accidents unless the true facts are presented and to keep check on the injured person in an effort to restore him as quickly as possible.

The compensation fund, he said, is not a grab bag for money to be drawn out of on any occasion persons want to. Mr. Gregory said. Employers should take an interest in seeing that other people are not misled in this idea regarding the fund.

Club Group At Dinner

Attending the dinner were members of the Y. M. C. A. Service club, Kiwanis club, Chamber of Commerce, Junior Chamber of Commerce and employers who are contributors to the state industrial insurance fund.

William Hamor, president of the Service club, announced another dinner meeting Thursday at 8:30 p. m. in Hotel Marion, when the Industrial Insurance fund will be discussed.

Mr. Hamor will explain the method of determining rates which are assessed on the employers.

22 Groups Reached

Last night's meeting in Hotel Harding was one of 22 groups reached by industrial commission speakers yesterday in the first day of the safety campaign, which will continue through Friday.

Campaign workers this morning reached 3,285 persons had been reached in safety talks up to this morning, and said this number will be increased by a busy schedule of talks today.

Speakers visited four centralized rural schools this morning to finish a series of talks in rural schools begun yesterday. Those visited this morning were Agostino, Meeker and Green Camp Schools, Pleasant, Prospect, and LaRue.

Other meetings at which speakers were present yesterday were at the Huber Manufacturing Co., Marion Vail Co., J. C. Penney Co., Store, Patient-Teacher association meeting at the Central Junior High school.

Today's schedule called for safety talks in a number of the following centers: Hornell City & Cold Spring, N. Y., 10 a. m.; Marion Cigar Co., 11 a. m.; Anthony Laundry, 11:15 a. m.; Moore & Ross Milk Co., 12 m.; Fairfield Engineering Co., 12:15 p. m.; Wilson Bohannon Co., 1:15 p. m.; Isaly Dairy Co., 1 p. m.; Marion Foundry Co., 1 p. m.; Lee & Fuel Co., 3 p. m.; Mont-Blaue Limestone Co., 3 p. m.; Mont-Blaue Limestone Co., 3 p. m.

These new stimulants to recovery were not put beyond question, while the President was reported to be considering additional to the farm commodities for relief distribution, the agricultural adjustment administration was studying the relation between farm surpluses and prices, seeking to determine the most effective method of expending RPA money in buying supplies for the destitute.

fund. He added that he would take further steps to learn what agreement the court and representative of the company had regarding the method of paying the refund.

San Plans Approved

J. T. Carless, manager of the Ohio Associated Telephone Co., in announcing plans to pay the \$108,000 refund, said last Saturday that the plan to credit refunds on future accounts of approximately 5,000 of the 7,000 person to share in repayments had been approved by the federal court that ordered the refund.

Mr. Jacoby, in presenting the citizens' committee's resolution to council, said he had talked with Mr. Carless yesterday and that Mr. Carless had told him the telephone company did not have enough money to make cash payment of the refunds.

Regarding this statement, Mr. Carless said this morning that the telephone company, due to its decreased revenue resulting from loss of subscribers throughout the state during the last several years was unable to pay the refund in cash at this time. He said the federal court had taken the company's financial problem into consideration and had consented, in an interlocutory decree, to a plan of payment over a 40-month period.

Before the citizens' committee had presented its resolution asking council to seek cash payments of refunds, councilmen's plan of repayment, which expressed disapproval. However, it did not take action in the matter until the citizens' committee presented a formal request for action.

The resolution adopted by the citizens' utility committee was submitted to the council last night by Chairman Clarence A. Bohn after he had called members to a meeting for action on the telephone company's proposed plan of paying refunds.

During the discussion, James E. Messenger, president of council, asserted the telephone company's plan of repayment was "characteristic of the high handed methods of utility companies." "I think it's a rotten deal," he said. He and several councilmen said they had received complaints from telephone users yesterday.

"The excessive rates were collected under bond—where the money the company had up as bond?" someone asked.

"Probably over in Greece," Councilman H. H. O'Dowd answered.

Routed from Bed

"We found him in bed," Roper said, "and he was captured without a struggle."

A cordon of police surrounded the house about 6 a. m. One group of officers made their way through the front entrance. Another stood in the hallway. A third, facing closed door, with a sawed-off shotgun held straight in front of him.

Suddenly Kelly with a revolver in his hand the shotgun however, was pointed straight at his heart. "Drop it, Kelly," Sergeant Raney's voice was cool, commanding.

Kelly's gun dropped to the floor and his hands pointed to the ceiling.

Shannon Grilled on Witness Stand

By The Associated Press
OKLAHOMA CITY, Sept. 26.—Grey-haired "Boss" Shannon has more questions to answer from the witness stand today about the furthering of his Paradise, Tex. "kidnaping" last July.

"Kidnaping" on trial with his wife Mrs. R. G. Shannon; his son and seven other remaining defendants for the \$200,000 Charles F. Urschel kidnap gang that kept the oil millionaire on his farm for more than a week threatened him with death unless he helped them.

But Joseph E. Keenan, assistant attorney general, is asking him questions like this:

"You knew Urschel had been kidnaped and was being held on your farm by Tuesday noon, July 25. You were not threatened until Friday night. You could have notified the sheriff, who was a good friend of yours, couldn't you?"

"I suppose I could," was the farmer's drawled reply.

His wife and son are due to tell their story today when prosecutors conclude Shannon's cross-examination.

Others on trial include Harvey Bailey and Albert Bates, south-western desperadoes; Bates and George (Machine Gun) Kelly are charged as the actual abductors.

HICKS INDICTED

By The Associated Press
NEW PHILADELPHIA, O., Sept. 26.—The county grand jury indicted Harvey Hicks, 33, chemist and salesman, on a charge of malicious destruction of property in connection with an explosion which caused \$35,000 damage at Mineral City. Officers said Hicks confessed setting off the explosion in a storehouse owned by the company which employed him.

DR. TURLEY GIVES INAUGURAL SERMON

Marion Pastor Makes First Appearance in New Charge at Columbus.

Dr. and Mrs. C. E. Turley met the members of Central M. E. church in Columbus, where Dr. Turley will be pastor in the future, for the first time Sunday morning when Dr. Turley delivered a sermon.

The service was unique in that ministers who played an important part in the lives of both Dr. and Mrs. Turley were present. Dr. John C. Arbuckle of Columbus returned, the first minister of whom Dr. Turley has any recollection introduced the new pastor to his congregation. Rev. P. W. Drumm of Columbus who received Dr. Turley into the church and baptized him years ago in Lawrence county, made the invocation and Rev. J. W. Moseley of Columbus, who received Mrs. Turley into the church when she was a child of 12, read the scripture lesson. Rev. J. H. F. Parkins of Columbus, who was a member of a quartet that sang in Dr. Turley's home church, contributed a vocal solo, "The Old, Old Story Is True."

Seven of Dr. Turley's former charges were represented in the congregation.

ers, sending the same products to every country on the face of the globe.

Living so close to these wonders we lose sight of their importance and quality. Mrs. Campbell declares. Next week's cooking school, besides its lectures, discussions, new recipes and cookery demonstrations will bring some of the highlights, the most important facts about the products which fill the refrigerator and pantries of Marion housewives and which make the meals the whole family loves.

Mrs. Campbell points out that every session of the cooking school will be full of news, good cookery, fine recipes demonstrated for the first time in Marion and besides the food part of the program she will talk about new home equipment.

"Labor saving devices," Mrs. Campbell declares, "are becoming more marvelous every year. We press a button and something cooks, a refrigerator makes its own ice, the washing is done, the children's clothes ironed, almost without the need of the busy housewife. There are new appliances and equipment of every description which I have been studying and using and which I shall have in the kitchen next week at the Star auditorium."

A good teacher learns from her pupils. Mrs. Campbell believes and for this reason she wants every woman in Marion and vicinity for a pupil, and she in turn will demonstrate and tell what she has found to be the greatest help in solving the home manager's problem from her own wide experience.

Sale Authorized

C. D. Schaffner, receiver for the Citizens Building & Loan Co., has authorized to sell two Marion properties in exchange for deposits in the institution by Judge LeRoy Allen in common pleas court. Harding Starts Drill for Delaware Contest

Monday Workout Light But Squad Expected To Face Tougher Session Today.

With one victory snail already hanging from their belts, the Harding High Presidents commenced preparations yesterday for the season's first contest. On Saturday, Coach Jack Cheadle and his Harding proteges will act as host to Delaware High on Fairground field.

With several of the boys still feeling the effects of last Saturday's struggle with Mt. Vernon which Harding won by a 12-0 score, Cheadle let down on his charges yesterday. Although the drill was lengthy, the practice field not being cleared until 6 p. m., the boys were not worked very hard, spending most of the time absorbing the details of several new plays and brushing up on the old ones.

Injured List Smaller
Most of the boys who were on the casualty list last week are rapidly rounding into condition again and unless further injuries crop out this week, Cheadle should be able to send his charges against Delaware at nearly full strength. Carl Danners, Charley Jones, and Jimmy Jones, who were injured in the last game, are still hampered considerably by the injured member but will probably be able to go at least part of the time this week. Quenton Walker's shoulder is much improved and may allow him to take his usual place this week.

The recovery of the injured boys is almost certain to result in some furious struggles for places in the starting lineup. It is quite probable that at least a few shifts will be made from the starting eleven of last Saturday as Cheadle endeavors to discover his strongest combination. This will be the last non-league game in which he will be able to experiment. Shelby being on the books for the opening North Central Ohio league contest the week following the tiff with Delaware.

To Vary Offense
While Maury Whitcum put on a "one man backfield" act last Saturday against Mt. Vernon, followers of Harding and opponents too, are in for some surprises if they are expecting to see Whitcum carry most of the load all season. Playing with three other inexperienced boys in the backfield, the big job naturally fell on Whitcum's veteran shoulders in the first game but the same situation is not likely to exist all season. As the other boys gain the necessary experience they will take over a bigger share of the work, making for

HEINIE MANUSH

This is the seventh of a series of sketches on individual stars of the Washington Senators and New York Giants, world series rivals.

By The Associated Press
WASHINGTON—Heinie Manush, Nat left fielder, hardly could have been anything but a baseball player. Five of his six brothers played pro baseball and Heinie just naturally followed in their footsteps.

One of the five leading sluggers in the American league, he was helped in becoming a great batsman through association with Ty Cobb and Harry Heilmann during the five years he put in at Detroit. He was the American league batting champion in 1929 and the runner-up in 1928.

Heinie had three splendid campaigns at St. Louis before he was traded to Washington for Goose Goslin in 1930. Now he and Goslin are team mates in the Washington outfield.

While Manush does not make many home runs, he is very consistent at the bat. He specializes in singles and doubles in addition to putting up a better than average game in the field.

He set a 1933 season's record by hitting safely in 33 consecutive games. Heinie had an early ambition to be a first baseman, but his managers assigned him to the outfield, and an outfielder he has been ever since.

Born in Tusculum, Ala., he is 32 years. He is six feet, one inch tall, weighs close to 200 pounds, bats and throws left-handed.

VANGLER VICTOR IN HAIR PULLING MAT BATTLE WITH ASHBY

Jerry Miller Loses in Semi-Final But Makes Good Showing.

What a battle! It would be hard to find a more exciting hair-pulling match than the one between Jerry Miller and Spike Ashby of Columbus. The two boys, who are both from Marion, Ohio, fought a hard-fought battle in the semi-final of the World Series.

Despite the fact that the boys were both from Marion, Ohio, the match was a hard-fought battle. The boys fought a hard-fought battle in the semi-final of the World Series.

Well, that was just the beginning of the battle. The boys fought a hard-fought battle in the semi-final of the World Series.

Vangler won the first fall after throwing Ashby out of the ring with a diving head scissor. A series of pile drivers and slams finished the fight in 20 minutes. The referee called the fight a draw.

Miller defeated Jerry Miller of Marion found the going rather tough when he made his first appearance in a semi-final match. He was backed against one of the top members in his division and gave a good account of himself but was unable to pin Billy London's opponent.

London won the early fall scored in 32 minutes with slams. Miller, despite his defeat, showed that some day with a little more training and confidence he would be able to give most of the boys in his class a real battle.

3 NATIONAL LEAGUE CLUBS IN FIGHT FOR RUNNER-UP PLACES

Pirates, Cubs and Cardinals Waging Nin and Tuck Struggle.

By The Associated Press
The National League race is over as far as the regular season goes. New York Giants are champion but the Pirates, Cubs and Cardinals are vying for the runner-up places in the fight for second and third place.

With only one game remaining on their schedule and that with Cincinnati's victory the Pirates hold an upper hand in the contest for second place. They can be ousted by Chicago, however, if the Cubs take their two final games with St. Louis and the Reds from the Cardinals.

The Cardinals, with a chance of finishing in the runner-up position, have their eyes on third place. Two victories over the Cubs will place them in that position and shove the 1932 league champions into fourth place.

Here is how the three teams stand:

Team	W	L	Pct	GB
Pittsburgh	41	41	.500	0
St. Louis	39	43	.476	2
Chicago	37	45	.451	4

The Pirates lost a chance to clinch second place yesterday when they dropped a 6 to 3 decision to St. Louis in one of the two games played in the major league.

The Cardinals, with Bill Walker pitching effective ball, pounded three hurlers for 14 hits. One of the blows was Joe Medwick's eighteenth home run of the season.

In the only other game, Brooklyn strengthened its hold on sixth place by defeating the Phillies 7 to 2. With Glenn Wright, Hack Wilson and Linus Fry connecting with these hits each, the Dodgers collected 14 hits off Shippe Hansen and Cy Mount.
